

WPAFB Firewood Permit Program

- Firewood permits cost \$20.00 and are valid for 1 day
- Allows 2 standard 8-ft pickup bed loads or 1, 16-ft trailer load of wood to be cut
- Firewood permit purchasers are responsible for cutting the wood into manageable sized pieces for loading onto vehicle of their choice.
- Firewood permit purchasers responsible for transporting the wood off-base.
- 2 wood cutting areas: Area A and Area B (see area maps)
- Prior to purchasing a permit, users should consult the area schedule on iSportsman. If either, or both wood cutting areas are closed, this indicates there is no wood currently available for cutting.
- Questions please call the NRPM at 937-257-4857.
